

# Patient activity logs

All patient activity is logged on the [Patient Profile](#) page.

## Patient Log

The Patient Log shows all activity related to a patient's account: account creation, changes to account information, creation of intake forms, and account password reset activity.

Patient Log

## Intake Log

Before a patient's intake form is completed, all activity related to their intake is logged in the Intake section on their [Patient Profile](#) Page. This will show you when intakes were created and sent, and if the intake forms failed to deliver.

Intake

Princess (jasmine@disney.com) has no active intake form.

2021-06-06

Create Form

Pick a date for the Intake Link to expire

☒ Send form to jasmine@disney.com

ID	Log Time	action
74	2021-03-24 15:48:51	intake Message Delivered
74	2021-03-24 15:48:51	intake Message Failed

Once the intake form is complete, the log will be replaced by their intake form, which is visible only to users with Practitioner level access.
