Making an Appointment

First go to the date you want an appointment.

On the right hand side of the page, next to the date, you'll see a calendar icon. Click the calendar icon to open a calendar. The dates with available appointments will be highlighted in blue. Use the left and right arrow at the top of the calendar to navigate between months.

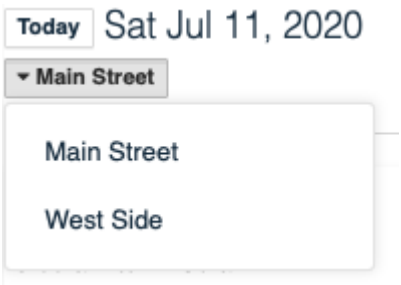

Click the calendar icon or outside the calendar grid to close the calendar.

> Dates that are not highlighted indicate no availability.

Location Selection

If there is more than one location you can navigate to the location you wish to use by selecting the location found on the left under the date.

Choosing From A Block (practitioner)

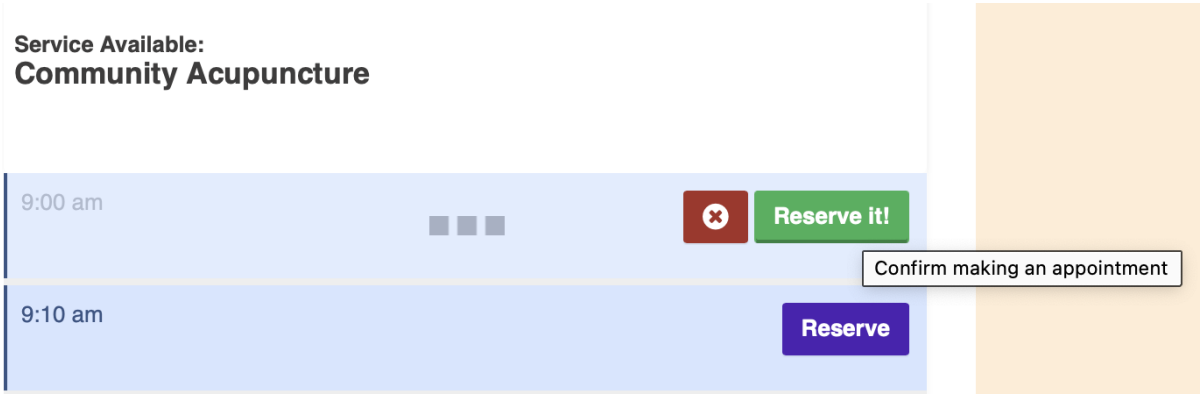

A block is a range of time for one practitioner. For example 9:00AM to 11:00AM with Joe. The Services available for that Block will appear at the top of the schedule. If multiple Services are available, there will be a drop down menu. Click the menu to see your Service options. If only one Service is available, you'll simple see the Service name:

Click the image to enlarge it. On a mobile device the blocks will not be side by side.

Choose Your Appointment

- Find the slot you'd like with a reserve button in it.
- Click "Reserve"
- Click "Reserve it!" to confirm
- It is yours!

No schedule for that day

If there are no appointments available for today's date, you will see a calendar to choose a future date.

Revision #7
